1) Acceptance Procedures

(A) Final Acceptance of Bus

Delivery of the bus to Miami-Dade County does not constitute Final Acceptance for the purpose of payment. Final Acceptance will be determined by signed notification of the County's Project Manager or designee, and shall be given only after a thorough inspection by MDT indicates that the bus meets all contract specifications and conditions and that the engineering, materials, and workmanship exhibit a level of quality and performance consistent with or exceeding industry standards. MDT will conduct Final Acceptance tests on the delivered bus. These tests will be completed within fifteen (15) working days after bus delivery. MDT will notify the Contractor in writing of acceptance or non-acceptance within ten (10) working days after completion of tests. Final Acceptance may occur earlier if MDT notifies the Contractor in writing of early acceptance or places the bus in revenue service. If the bus fails these tests, it shall not pass Final Acceptance until the repair procedures defined below have been carried out and the bus retested until it passes.

(B) Repairs after Non-acceptance

MDT will provide a written Notice of Non-acceptance to the Contractor which will include the request for repairs. MDT may, at its sole discretion, require the Contractor, or its designated representative, to perform the repairs after non-acceptance.

(C) Repairs by Contractor

If MDT requires the Contractor to perform repairs after non-acceptance of the bus, the Contractor shall begin work within five (5) working days after receiving written notification from MDT of failure of acceptance tests. MDT will make the bus available to complete repairs timely with the Contractor repair schedule.

(D) The Contractor shall provide, at its own expense, all spare parts, tools, and space required to complete the repairs. At MDT's option, the Contractor may be required to remove the bus from MDT's property while repairs are being done. If the bus is removed from MDT's property, repair procedures must be diligently pursued by the Contractor, and the Contractor shall assume risk of loss while the bus is under its control. The Contractor shall provide a written statement to MDT Project Manager verifying the assumption of the risk of loss.

2) Bus Delivery Procedure:

The County's designated agent, General Superintendent of MDT Metrobus Maintenance, or his designee will sign the delivery confirmation and at the point of delivery conduct a cursory inspection of the bus. Delivery of the buses shall be F.O.B. point of destination by either Common Carrier Driveway or Rail Transportation. The buses shall be delivered Monday through Friday, (excluding holidays).
